# HASH BROWN TRIANGLES

For something different, McCain Hash Brown Triangles are a great way to add interest to the plate.

Made with potato, simply shredded and subtly seasoned with onion and pepper, they bring a little extra flavour to the hash brown taste customers know and love.

Their consistent shape and easy prep make them simple to feature across every daypart, from a hero breakfast side to loaded snacks, burger builds and premium side offerings, helping you add variety, flavour and value right across your menu.

## SERVING SUGGESTION

**Swap the bread:** Use two McCain Hash Brown Triangles in place of a bun for a standout burger, layered with a beef patty, melted cheese, burger sauce and fresh lettuce.

**Keep the bread:** Build a hearty vegetarian breakfast sandwich with a Hash Brown Triangle, layered with fried egg, cheese, sliced tomato and tomato sauce.

## UP 7%

**Hash brown servings sold  
in Australian foodservice vs  
same period in 2025**
